The God Who Watches Over Us

Dr. Jeff Bucknam | Psalm 121

1. When you read Psalm 121, what is the main message?

2. List the images used to describe God. According to this psalm, what is God like? How does each of those images affect how we should live as his people?

3. What stops us from being bold and risk-taking as Christians? How does this passage address those things?

4. This passage says God never slumbers or sleeps. What is the point of that image and how is the same point being made in the passage where Jesus is asleep in the stern of a boat in Mark 4:35-41?

5. What evidence do we have that God has both the power and concern to keep watch over us in all of life's moments? What Scripture makes this point? What experiences have you had that have reinforced this point?
